# LET'S DELIVER SOCIAL VALUE THROUGH PLAY4ALL

## **IMPROVED WELLBEING**

designing inclusive play spaces that improve users health and wellbeing. Promoting a sense of belonging through co-design process

## **ECONOMIC OPPORTUNITIES**

creating and nurturing STEM, creativity and communication skills in marginalised communities through our co-design workshops

## **DIVERSE SUPPLY CHAIN**

employing local artisans and builders to build play space and provide materials

## **VOLUNTEERING**

enabling local businesses and people to volunteer time and skills to support local communities. Improved integration between communities and businesses

## **FIGHTING CLIMATE CHANGE**

adopting sustainable design principles and empowering young people to design sustainable spaces that address climate and spatial injustices
